**Expedited shipping available**

For an additional fee, your order will be shipped by an expedited service offered in your area. This option must be chosen when you make the order, and it cannot be applied after an order has already been processed.

**Additional instructions**

If you elect to have this and all future orders automatically charged to your credit card (by checking the box on the front or enrolling by phone), bear in mind that the automated payment plan feature will apply to all mail orders. Also note that we can only keep one credit card on record.

You may have a balance limit on your plan account. If so, once your unpaid balance exceeds that limit, no additional orders

will be processed until the balance has been paid.

You can call 1 800 948-8779 anytime to enroll in our automated payment plan, change the credit card on file, check your account balance, or pay by phone using a credit card.

Texas law allows a less expensive, generically equivalent drug to be substituted for certain brand-name drugs unless your physician directs otherwise. You have a right to refuse such substitution. Consult your physician or pharmacist concerning the availability of a safe, less expensive drug for your use. A pharmacist is available 24 hours a day 7 days a week to answer questions concerning your prescription.

Check here if you do not want a less expensive generic drug product. Please note that this only applies to this prescription and future refills of this prescription. Selection of a brand-name product instead of a generic equivalent may result in a higher co-payment.
