Re: SUMMARY OF BENEFITS AND COVERAGE (SBC) required by the Affordable Care Act (ACA)

As required by law, group health plans like ours are providing plan participants with a Summary of Benefits and Coverage (SBC) as a way to help understand and compare medical benefits. The SBC provides a brief overview of the medical plan benefits provided by the Carpenters Health and Welfare Trust Fund for California. Please share this SBC with your family members who are also covered by the Plan.

Each SBC contains concise medical plan information in plain language about benefits and coverage. This includes what is covered, what you need to pay for various benefits, what is not covered, and where to go for more information or to get answers to questions. Government regulations are very specific about the information that can and cannot be included in each SBC so the Plan is not allowed to customize much of the form or content. The attached SBC includes:

- A health plan comparison tool called "Coverage Examples." These examples illustrate how the medical plan covers care for three common health scenarios: having a baby, diabetes care and care for a fractured bone. These examples show the projected total costs associated with each of these three situations, how much of these costs the Plan covers and how much you, the Participant, need to pay. In these examples, it's important to note that the costs are national averages and do not reflect what the actual services might cost in your area. Plus, the cost for your treatment might also be very different depending on your doctor's approach, whether your doctor is an In-Network PPO Provider or a Non-PPO Provider, your age and any other health issues you may also have. These examples are there to help you compare how different health plans might cover the same condition—not for predicting your own actual costs.
- A link to a "Glossary" of common terms used in describing health benefits, including words such as "deductible," "co-payment," and "co-insurance." The glossary is standard and cannot be customized by a Plan.
- Websites and toll-free phone numbers you can contact if you have questions or need assistance with benefits.

Please keep this notice with your benefit booklet. If you have any questions, please call Benefit Services at the Trust Fund Office at (510) 633-0333 or toll free at (888) 547-2054. You may also send an email to <u>benefitservices@carpenterfunds.com</u>.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.carpenterfunds.com or call 1-888-547-2054. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.carpenterfunds.com or call 1-888-547-2054 to request a copy.

IMPORTANT:

The results of the coverage examples for this Medicare Supplement Plan shown on the next page assume the following:

- (1) Medicare is the primary payer and that participants are enrolled in Medicare Part A, B and D.
- (2) The plan uses the coordination method to integrate with Medicare.
- (3) The allowed amounts used in the examples are assumed to be the same as allowed under Medicare.
- (5) The Plan only pays the eligible portion of covered services that Medicare does not pay.

This is not a cost estimator. Treatments shown are just examples of how this <u>plan</u> might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your <u>providers</u> charge, and many other factors. Focus on the <u>cost sharing</u> amounts (<u>deductibles</u>, <u>copayments</u> and <u>coinsurance</u>) and <u>excluded services</u> under the <u>plan</u>. Use this information to compare the portion of costs you might pay under different health <u>plans</u>. Please note these coverage examples are based on self-only coverage.
