**Re: Notice of Creditable Coverage
Important Information about Medicare Prescription Drug Program (Part D)**

**This notice is for people with Medicare or who may become eligible for Medicare.
Please read this notice carefully and keep it where you can find it.**

This Notice has information about your current prescription drug coverage with Carpenters Health and Welfare Trust Fund for California and the prescription drug coverage available for people with Medicare. It also explains the options you have under Medicare's prescription drug coverage and can help you decide whether or not you want to enroll in that Medicare prescription drug coverage. At the end of this notice is information on where you can get help to make a decision about enrolling in Medicare's prescription drug coverage.

- **If you and/or your dependents are not currently eligible for Medicare, and will not be eligible during the next 12 months, you may disregard this Notice.**
- **If, however, you and/or your dependents are now eligible for Medicare or may become eligible for Medicare in the next 12 months, you should read this Notice very carefully.**

Prescription drug coverage for Medicare-eligible people is available through Medicare prescription drug plans (PDPs) and Medicare Advantage Plans (like an HMO or PPO) that offer prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more drug coverage for a higher monthly premium.

The Trust Fund has determined that the prescription drug coverage under the Carpenters Health and Welfare Trust Fund for California – Indemnity Medical Plan (as administered by Express Scripts) and the Kaiser Plan for Active Employees and Non-Medicare Retirees are “creditable.” (The Kaiser Senior Advantage is an actual Medicare Part D plan and this notice does not apply to Participants who are covered by this plan.)

Coverage is “creditable” if the value of this Plan's prescription drug benefit equals or exceeds the value of the standard Medicare prescription drug coverage. In other words, the benefit is, on average for all plan participants, expected to pay out as much or more than the standard Medicare prescription drug coverage will pay.

Because the Plan option(s) noted above are, on average, at least as good as the standard Medicare prescription drug coverage, **you can keep your prescription drug coverage under the Carpenters Health and Welfare Trust Fund for California Indemnity Medical Plan and you will not pay extra if you later decide to enroll in Medicare prescription drug coverage.** You may enroll in Medicare prescription drug coverage at a later time, and, because you will maintain creditable coverage, you will not have to pay a higher premium (a late enrollment penalty).

REMEMBER TO KEEP THIS NOTICE

If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

WHEN CAN YOU JOIN A MEDICARE DRUG PLAN?

Medicare-eligible people can enroll in a Medicare prescription drug plan at one of the following three (3) times:

- when they first become eligible for Medicare; or
- during Medicare's annual election period (from October 15th through December 7th); or
- beneficiaries leaving employer/union coverage may be eligible for a two-month Special Enrollment Period (SEP) in which they may sign up for a Medicare prescription drug plan.

When you make your decision whether to enroll in a Medicare prescription drug plan, you should also compare your current prescription drug coverage (including which drugs are covered and at what cost) with the coverage and cost of the plans offering Medicare prescription drug coverage in your area. Information about where to find details about Medicare prescription drug coverage can be found below.

YOUR RIGHT TO RECEIVE A NOTICE

You will receive this Notice at least every 12 months, and at other times in the future such as if the creditable/non-creditable status of the prescription drug coverage through this Plan changes. You may also request a copy of a Notice at any time.

WHY CREDITABLE COVERAGE IS IMPORTANT (when you will pay a higher premium (penalty) to join a Medicare drug plan)

If you do not have creditable prescription drug coverage when you are first eligible to enroll in a Medicare prescription drug plan and you elect or continue prescription drug coverage under a **non-creditable** prescription drug plan, then decide to elect Medicare prescription drug coverage at a later date, you may pay a higher premium (a penalty) for that Medicare prescription drug coverage for as long as you have that Medicare coverage.

Maintaining creditable prescription drug coverage will help you avoid Medicare's late enrollment penalty. This **late enrollment penalty** is described below:

If you go 63 continuous days or longer without creditable prescription drug coverage (meaning drug coverage that is at least as good as Medicare's prescription drug coverage), your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have either Medicare prescription drug coverage or coverage under a creditable prescription drug plan. You may have to pay this higher premium (the penalty) as long as you have Medicare prescription drug coverage.

For example, if you become eligible for Medicare's prescription drug plan but you decide to remain on a non-creditable prescription drug plan for 19 months, if you then decide to join Medicare's drug coverage, your monthly premium will always be at least 19% higher than the Medicare base beneficiary premium. Additionally, if you go 63 continuous days or longer without creditable prescription drug coverage, you may also have to wait until the next October to enroll for Medicare prescription drug coverage.

WHAT ARE YOUR CHOICES?

You can choose either **one** of the following options:

OPTION 1

What you can do:

You can select or keep your current prescription drug coverage with Carpenters Health and Welfare Trust Fund for California Indemnity Medical Plan, and **you do not have to enroll in a Medicare prescription drug plan.**

What this option means to you:

You will continue to be able to use your prescription drug benefits through Carpenters Health and Welfare Trust Fund for California Indemnity Medical Plan.

- You may, in the future, enroll in a Medicare prescription drug plan during Medicare's annual enrollment period (during October 15 through December 7 of each year).
- As long as you are enrolled in creditable drug coverage, such as the coverage under this Plan, you will not have to pay a higher premium (a late enrollment penalty) to Medicare if you do choose, at a later date, to sign up for a Medicare prescription drug plan.

OPTION 2

What you can do:

This option applies to Indemnity Medical Plan members only. You can select or keep your current Indemnity medical and prescription drug coverage with Carpenters Health and Welfare Trust Fund for California **and also enroll in a Medicare prescription drug plan.**

If you choose this option, you will need to pay the Medicare Part D premium out of your own pocket.

What this option means to you:

For Indemnity Medical Plan Members Only: Your current coverage pays for other health expenses in addition to prescription drugs. If you enroll in a Medicare prescription drug plan, and you are in the Indemnity Medical Plan, you and your eligible dependents will still be eligible to receive all of your current health and prescription drug benefits. Having dual prescription drug coverage under the Indemnity Medical Plan and Medicare means that you will still be able to receive all your current health coverage and this Plan will coordinate its drug payments with Medicare. This group health Plan pays primary and Medicare Part D coverage pays secondary.

Note that you may not drop just the prescription drug coverage under the Indemnity Medical Plan of the Carpenters Health and Welfare Trust Fund for California. That is because prescription drug coverage is part of the entire medical Plan.

Note that each Medicare prescription drug plan (PDP) may differ. Consider differences in coverage, such as:

- PDPs may have different premium amounts;
- PDPs may cover different brand name drugs at different costs to you;
- PDPs may have different prescription drug deductibles and different drug copayments;
- PDPs may have different networks for retail pharmacies and mail order services.

FOR MORE INFORMATION ABOUT YOUR OPTIONS UNDER MEDICARE'S PRESCRIPTION DRUG COVERAGE:

More detailed information about Medicare plans that offer prescription drug coverage is available in the “Medicare & You” handbook. A person enrolled in Medicare (a “beneficiary”) will get a copy of this handbook in the mail each year from Medicare. A Medicare beneficiary may also be contacted directly by Medicare-approved prescription drug plans.
